Graphic Studio Dublin is a creative organisation that enables artists to work in the medium of fine print. Our Printmaking Studio supports the practices of 75 studio artists, a Visiting Artist programme and printmaking courses. It is the only print studio in Ireland with a dedicated gallery space that promotes the medium and presents the best of Irish printmaking, through gallery and online exhibitions.

Graphic Studio Dublin is supported by the Arts Council.

How *Art* can help a remote working *life*

Ailbhe Barrett

Looking to the future in a post COVID world and in particular how we restructure the way we work, a hybrid working model is likely to become the new trend.

But how to make people more collaborative; more creative and more inventive without office based creative collisions.

Art has been shown to have a highly positive impact on mental health in a supportive and non-clinical way in varied environments.

Art can act as a springboard into a world of ideas or it can simply be cathartic. It can offer intellectual stimulation - anything from high-adrenaline inspiration to soothing calm.

Graphic Studio Dublin can help you to retain creativity, connection and conversation through visual art in your new working spaces.

Creative **Culture**

Gráinne Cuffe

Preserving your organisation's creative culture remotely can be achieved by delivering your staff not just desk, seat, computer – but art for their working environment.

Research has shown that the physical work environment contributes to creativity, team working and problem solving.

Brand unity in a remote space can also be achieved through visual art consistency on Zoom and other video call platforms.

Graphic Studio Dublin can help you to retain and nurture creative culture by providing prints for home wall spaces.

Fine art prints are produced as an edition, so the price can be significantly lower than other original artforms. However, this does not mean you need to compromise on the quality of the work you buy or commission for your staff or clients.

Graphic Studio Dublin has worked successfully with corporate partners on many fine art print commissions, including Mason Hayes and Curran and IPUT. Our partnership with Behaviour and Attitudes, an award-winning relationship, has been running for over 30 years.

We have the expertise and knowledge to create Fine Art Prints of outstanding quality. We look forward to working on The Home Edition with you.
